akula

designed for life
Koro at the Jumeirah Beach Hotel
At Akula we have combined over 100 years of textile and furniture expertise with our discerning eye for good design to create a new collection of outdoor furniture, which range from lounging and relaxing to dining. Each collection is designed to fit perfectly within your own private garden or the poolside of a 5-star resort.

Using the world’s leading brands of outdoor furniture materials— REHAU RAUCORD®, TRESPA HPL®, SUNBRELLA®, SERGE FERRARI STAMSKIN®, and TWITCHELL TEXTILENE®— Akula have created a collection that is built to last, can remain outside all year round, has the highest quality UV resistance and has a stylish, comfortable finish.

We are so confident that you will be delighted with our products for years to come, and to back this up we offer an industry leading guarantee on all our products.

It is with great pleasure that we present our collection.

Akula.

As part of a global group of companies, Akula delivers exceptional quality outdoor furniture, primarily to the contract and hospitality market. Over the last nine years we’ve built an incredible reputation for stylish design combined with outstanding longevity. A reputation founded on our attention to detail and commitment to quality.

Because we’re the chosen supplier to many of the world’s top hotels you can be confident that our products are designed to look beautiful today, and stay looking exceptional for many years to come. Most of our ranges are designed to be modular and interchangeable, so that they can be tailored to suit your individual needs, whatever your outdoor living space.
Akula was created with a single vision - to create quality outdoor furniture designed exclusively for the contract market. Our ranges are developed by our renowned team of designers, and manufactured by skilled craftsmen at our wholly owned state of the art factory. We are in control of every stage of the operation, from concept, design and development through specification, manufacture, logistics and aftersales.

Our totally vertical operation ensures that we can deliver our exceptional furniture, with an industry leading 5 year warranty, anywhere in the world with complete confidence.

Our products have been developed to live up to the most exacting standards set by the world’s most exceptional hotel groups.

That’s what makes Akula different.
TUSCANY

There is no better way to take in a spectacular landscape than by stretching out on and taking your time over every glorious detail. The Tuscany Day Bed marries resilient and luxurious Stamskin material with quick dry foam, for longer lasting enjoyment.

DIINO

Diino is the first truly multifunctional furniture collection, and is ideal for all indoor or outdoor situations.

Its contemporary style is matched with exceptional quality and longevity. This range is outdoor furniture that also looks amazing indoors.

Diino is made to order with minimum quantities of 30 per piece.

Delivery is circa 120 days.
Diino is a collection like no other, based as it is on the idea of furniture that flows smoothly through your indoor and outdoor space.

Diino is therefore furniture that works beautifully in any environment.

You can download our Diino brochure on our website - www.akulaliving.com
DIPHANO

Diphano is a contemporary collection that is stylish, functional and adaptable. Designed for the international contract hospitality market, this collection blends exceptional looks with longevity and practicality.

Whatever the setting, poolside, clubs, bars, spas or luxury hotels and cruise ships, there are elements in the range that will suit the individual and demanding needs of the customers.

The Diphano range is available immediately.
The furniture is light, stackable and highly adaptable, combining the perfect mix of elegance and usability.

With the materials sourced responsibly from eco friendly suppliers, you can be sure that choosing Diphano will support your business objectives towards the environment.

Diphano is a collection of furniture that shares a single ethos - to look beautiful in any outdoor indoor living space, and stay looking beautiful for years to come.
Seek out stillness and tranquility as you lay back and enjoy your beautiful surroundings.
Contemplating a stunning sunset is a sublime experience; only the total comfort and style of this collection could make it any more special. This Tuscany suite is beautifully upholstered with Stamskin material over electropolished stainless steel frame, that covers quick dry cushions of generous proportions and guaranteed comfort. This modular set is 100% adaptable to any size and style of setting.

The Tuscany range is a clean, contemporary design, which has been developed to be truly multi-functional. It’s a range that looks amazing either inside or outside.

Having a simple, modern profile, it presents a style which is exceptionally flexible, working beautifully in any hospitality environment.

The range is covered with Stamskin, and so provides industry leading style and comfort.

The Tuscany range is suitable for all environments - bars, restaurants and hotels, as well as, due to its marine specification and quick drying, vented cushions, beach fronts and luxury cruise liners.

The Tuscany range can be left outside all year round, without risk of damage, whatever the weather.
The Tuscany lounge range is beautifully upholstered with Stamskin material over an electropolished stainless steel frame. While the quick dry cushions ensure guaranteed comfort, the set is also modular, and so can be adapted to fit any size or style of outdoor area.

The Tuscany chair, meanwhile simply exudes elegance with its rounded form and soft Stamskin finish. Our extremely practical scratch resistant HPL table tops are designed to withstand exceptionally harsh weather conditions and heavy daily use.

The Tuscany chairs and tables are developed with highly strengthened corner welds, ensuring they can withstand extremely heavy use. This makes them eminently suitable for the contract hospitality market.
The Day Bed, as with all the Tuscany range, is covered with marine quality StamSkin fabric - one of the world’s most exceptional outdoor materials, and one which is used on yachts all over the world.

Our Day Beds are therefore resistant to the harshest of conditions - sun, salt, and sand.

So you can be confident that they will retain their luxurious look and feel for years to come.

As with all our ranges, the materials used on the Tuscany range are of the highest standards, which allows us to offer clients our industry leading 5 year guarantee.
Our Loft lounge collection combines contemporary design with strong clean lines, and is another excellent example of our ethos of taking the style of indoor furniture and applying those design themes to outdoor ranges.

With Textilene over quick dry foam and triple powder coated aluminium frames, the Loft range is durable yet light, making it flexible and practical.

And because it is low maintenance, it’s ideally suited for any outdoor space.

Due to its marine grade materials and construction, Loft can be left outside all year round.

Loft cushions are weather resistant and vented, so they are quick drying and practical.
Meridian is a highly sophisticated and contemporary range, which perfectly balances exceptional style and comfort.

This is a very modern collection, it’s popularity proving that simplicity of style remains a contemporary design standard.

Our design team have created a range that will fit into any outdoor living space, leaving you and your guests to relax.

Our lounge modular seating is also designed with a scratch resistant, triple powder coated frame and Sunbrella cushions, covering a quick dry foam.

Sunbrella is shower proof and mould resistant, hard wearing, and anti fade. Combined with our standard triple powder coating, this is another reason we are able to offer a 5 year warranty to all of our customers.

Meridian cushions are shower resistant and vented, so they are quick drying and practical.
The Meridian stacking chair has a Twitchell Textilene sling seat and back, for unrivalled comfort and longevity.

The range will resist heavy usage as well as the harshest of weather conditions. Being developed to marine grade standards it can withstand the extremes of exposure to salt and spray.

The Meridian range can be left outside all year round, without risk of damage, whatever the weather conditions.

*All the Meridian chairs are paired with tables from the Koro range*
Designed with peace and quiet in mind, this is the perfect lounger for lying back and letting the world circle overhead. Meridian has a comfortable Textilene sling seat and back and is adjustable into three positions for hours of relaxed contemplation.

This stacking Textilene lounger, specifically designed for the contract market, includes adjustable feet and a three position adjustable back rest.

It is therefore extremely flexible and practical for high traffic outdoor areas.

Our sun loungers are covered in water repellent Twitchell Textilene material, which is both fade and mould resistant, guaranteeing that it’ll retain its exceptional looks for years.

As with all our ranges, the materials used on the Meridian range are of the highest standards, which allows us to offer a 5 year warranty to all of our clients.
Koro has been inspired by the style and design of high end luxury living, and specifically created to transform any outdoor living space.

The design theme is strong and contemporary, making a bold statement while retaining the ability to fit into a wide variety of surroundings.

The Koro range is flexible and practical, providing exceptional design and long lasting comfort and appeal.

This modular lounging set is extremely low maintenance because of its use of marine grade materials including Twitchell Textilene over a quick dry foam.
Our Koro tables are available with Trespa HPL, a high-pressure, compact laminate surface.

We use this because it easily withstands day-to-day wear and tear, and therefore continues to look stylish after years of use.

The range is also available with slatted aluminium, or coloured tempered glass table tops.

These, like all of our products, can be tailored to your individual requirements and specifications.
The modern style Koro dining chairs use Twitchell Textilene over a triple powder coated aluminium frame, creating a chair that is light but extremely sturdy.

The craftsmen in our factory pay specific attention to the welds on the frame, ensuring that they are strong enough to withstand intensive use over many years.

The textilene, along with quick dry foam cushions provide a flow of air, reducing drying time.
We understand that all Akula furniture ranges, but especially our sun loungers, need to withstand a high level of use within the hospitality and contract industry.

Therefore all our materials are of the highest standard, which allows us to offer our customers an industry leading 5 year guarantee.

The Koro range has been designed with the highest levels of weather resistance and can be left outside all year round.

Whether it’s exposed to sea spray, harsh sunlight, or extreme cold, it will stay looking exceptional.
The Colonial range incorporates all elements of outdoor furniture including, dining, lounging and relaxing.

No matter where this collection is used, whatever the outdoor space, you and your customers can relax in comfort and confidence.

It presents a traditional, almost country house style and is very popular with hotels, restaurants and bars, that want to make a classic, and luxurious, design statement.
Our Colonial range is constructed from marine grade durable materials, in our state of the art factory. Using sustainably sourced and fully recyclable weave it has been specifically developed so that it is UV, impact and scratch resistant.

The cushions are covered in hard wearing Sunbrella fabric so, you can be confident that they won’t fade or discolour, whatever the weather conditions.
The Colonial range makes use of a triple powder coated aluminium frame, and 5mm rope weave, giving you a guaranteed, long lasting and incredibly durable furniture collection.

As with all our collections, the materials used on the Colonial range are of the highest standards, which allows us to offer our customers an industry leading 5 year guarantee.
AEGEAN

Aegean is a timeless design which has been inspired by relaxed Mediterranean living. With a wide range of dining, bar and relaxing options this collection will fit into any exclusive outdoor space.

The Aegean collection has clean, simple and classic lines that ensure that it looks amazing in any outdoor setting.

It provides maximum versatility and longevity, with its marine grade materials and design and is our top selling range worldwide.
The Aegean range includes two styles of lounging, three styles of dining and bar furniture as well as an exceptional, relaxing and reclining collection.

It is extremely versatile - and due to being designed exclusively for the contract hospitality market, is guaranteed to look stylish for many years to come.
AEGEAN

The 7mm Rehau weave on our Aegean range is extremely tightly woven, ensuring that it is 100% weatherproof and won’t unravel, tear or fray.

Combined with our Sunbrella cushions this means that our Aegean furniture can be enjoyed all year round in complete confidence.
AEGEAN

Produced with our triple powder coated frame, Rehau weave and Sunbrella cushions, the Aegean range carries our industry leading 5 year warranty.

It’s ideally suited for the highly demanding contract and hospitality market.
Biscay is a range that delivers a strong, impressive design statement. Its flowing lines, with rounded edges and contours, provides an elegant outdoor furniture solution.

It is designed to be flexible, ensuring that it provides the most comfortable seating imaginable.

Our modular furniture can easily be adapted to suit any outdoor lounging area.
Our unique Biscay range uses 2.2 mm twisted rope Rehau weave for enhanced flexibility and comfort.

With solutions for lounging and dining, the range can be used in a variety of situations and environments.

It is guaranteed to look stylish in any of the worlds most exceptional hotels, restaurants and bars.
Our Biscay range uses Rehau wicker weave which is manufactured so that it’s coloured all the way through the fibre. This means that any small marks or scratches will not show up.

Combined with our marine grade Sunbrella covered cushions you can be confident that our furniture will remain looking beautiful for years to come.
BISCAY

On the Biscay collection, the wicker is hand woven onto a triple powder coated aluminium frame, for increased longevity and strength.

The cushion covers are produced from the exceptionally resilient Sunbrella fabric, which is quick drying, resistant to sand, salt and UV light, and will not fade.

As with all our collections, the materials used on the Biscay range are of the highest possible standards, which allows us to offer all of our customers a 5 year guarantee.
The Ascent range is an incredibly sleek, modern, and practical design.

Combining a triple powder coated aluminium frame and, sustainably sourced teak, it will fit exceptionally well into any outdoor area.

Manufactured in our factory and managed through our vertically integrated operation, it is a range where every detail has been developed with the customer in mind.

This ensures our customers can be confident that it will withstand the heavy use that is typical of any contract hospitality furniture.
ASCENT

The Ascent collection has been upholstered with Twitchell Textilene material, which is completely UV resistant - so it can be left out in the sun all day long, all year round, and will not fade.

Because our furniture was designed exclusively for the contract market, we understand the importance of practical details, which is why, for example, our chairs are stackable for ease of storage.

As with all our ranges, the marine grade materials used on the Ascent range, and the triple powder coating of the aluminium, allow us to offer our customers a 5 year guarantee.
Nero is an extremely elegant and sophisticated range, providing luxurious dining solutions to some of the world’s most prestigious hotels and restaurants.

It is constructed with sleek, polished stainless steel and teak which is both hard-wearing and stylish.

For increased flexibility our table tops are also available in HPL.

The combination of stainless steel, teak and black Textilene is a classic design theme, which ensures that it will suit bars, restaurants and luxurious hotels wherever they are in the world.
Compact and stylish, the combination of a stainless steel base and 1.1 mm flat wicker produces a strong design statement.

The Borocay range contains both dining and lounging solutions. Giving our customers a collection that is flexible and contemporary.

* Table shown is from the Nero range. Chairs come with cushions as standard.
BOROCAY

Borocay is one of our most popular weave ranges, because it has been designed to have no compromises, in terms of quality, style and longevity.

We have used marine grade woven wicker so that whatever the weather our strong, long lasting materials will always look fantastic.

With our weave small marks and scratches won’t show up because the colour has been manufactured to run all the way through the weave.

As with all of our ranges it carries our industry leading 5 year warranty.
Rehau Raucord has been developed using the wealth of knowledge accumulated since polymer processing began in 1948. It’s a high quality, high-density polymer material which has many advantages over its natural counterpart, Rattan.

It is waterproof, colourfast, highly UV-resistant, virtually maintenance free, has a high tensile strength and is environmentally friendly.

It is therefore perfect for use in all outdoor settings.

Sunbrella promote worry free living with their strong, and elegant fabrics. Their reputation for durability and weather beating properties is so widely recognised that Sunbrella fabrics are used on yachts and awnings worldwide.

The fabrics come in a wide range of colours and are all resistant to fading, tearing, staining, mould and mildew. Sunbrella is also showerproof and 100% machine washable.
The Serge Ferrari Group have enjoyed long and prosperous growth within the flexible composite material sector, and their constant technical progress has kept them at the forefront of Research & Development since their humble beginnings in 1973.

The Stamskin cloth gives this composite material great flexibility, while ensuring its excellent deformation resistance. Watertight and solution-dyed, its multilayer coating guarantees its durability and resistance to wear and tear.

Since 1922 the Twitchell name has represented quality in yarns and fabrics across a wide range of industries. They have grown into a multinational manufacturer of some of the world’s most innovative fibres, textiles and coatings.

We use Twitchell Textilene for its durability values and its aesthetic traits of fabulous design and colour. Being totally impervious to water, it is perfectly suited to outdoor living.

Since its founding in 1960 Trespa International B.V. has been a leading innovator of architectural materials.

Trespa Meteon is a decorative, high pressure, compact laminate with an integral surface. It is manufactured using Trespa’s unique in-house technologies, Electron Beam Curing and Dry Forming. The blend of up to 70% wood-based fibres and thermosetting resins, manufactured under high pressures and temperatures, yields a highly stable dense panel with excellent strength-to-weight ratios.
CUSTOM DESIGN

At Akula we understand that any off the shelf product, however well designed, will not suit every client.

We know that everyone has different needs, and some are so specific that they can only be satisfied by extensively tailoring our furniture. In effect creating unique products, designed and built to our customers individual specification.

This is why we have a thriving personalisation department, working with customers to determine their requirements, developing a specification, and then modifying our furniture accordingly.

Materials, dimensions and even designs can all be developed for each customer.

Our individualisation goes far beyond what is available from our competitors, so if you have specific requirements, then get in touch – info@akulaliving.com

For inspiration and a view of what we have done in the past you can download our custom design brochure on our website. www.akulaliving.com.

Minimum quantities of 30 per piece. - manufacturing time will vary depending on the exact specification.
